Иматдинова Ильмира

6 класс

учитель Фаткуллина Земфира

My mother is the best!

My mum is very, very kind.

She is patient, helpful too.

She's never said rude words to me.

I did the same too.

She always cooks us tasty food,

And washes the dishes too.

She washes the clothes, irons them.

I wonder how she can all do.

I love my mother very much,

Because she is the best.

I always try to help her.

Because she needs some rest.

I water the flowers, clean my room,

I also wash the floor.

I'll help my mother all the time.

Because I love her, I adore.

Today in Mother's Day I wish,

Let all her dreams come true!

I wish her happiness and love!

And be in good mood too!

Dear Ilmira, your poem is a sincere admiration for your mother's patience. She has really a lot to do in your family. If you are always industrious like her, Mum will have some more spare time to relax. And all your wishes will come true! Good luck in the contest!
