My Dear Mummy

I want to tell you about my mother.

For me she's the best in the world.

She wants me to be a very good person

And strictly insists, " Kate, will you study a lot!"

She is never angry, she is never rude,

She is always kind and she is in good mood.

But if any problem one day may happen

Or something is wrong in my life,

Then mummy tells me, "Don't worry, be happy!

Everything will be all right!"

She always gives me good advice

And helps me every day.

My mother is the best of all,

Believe in what I say!

I love my mummy very much, and all this is not new.

I love her eyes, her voice, her smile

And want to say " Thank you!"

Thank you for kindness, for help and for care.

Thank you for moments of happiness and love.

Now I promise - never make you despair.

Please, be always with me in my life!

You should always follow your mother's advice "Don't worry. Be happy!" Aren't you proud of your mother
- the best woman in the world?

Good luck!
