My mother's face
My mother's face is lovely face,
It full of beauty, it full of grace.
Her dark-blue eyes are clear
And shine us as crystal.
She can drive me away from darkness
She can drive me away from a grief
Her character is good and kindly
I need her advice every day
I like her warmest voice
I like her brilliant mind.
I like her slender figure
I like her skillful hands
I want to see my mom's eyes
I want to see her joy

I want to see my mom's eyes
I want to see her joy
I want to hear my mom's laugh
I want to be with her
She is more than a friend
She always gives me a hand
I love my mommy very much
Be happy, smile and be in touch.
