The kindest word

Mother...

It is the first kind word Mother... it is forever. It is so beautiful As spring flowers, As the first snow, As the sun shining so brightly. When you are next to me I am not scared of nothing. Health to you I wish Let the God help her.

Mother is the best of the best... I even have no suitable words to describe all my love. She helps me And my sister and my father She always helps everyone. But mother needs in the rest too. And we try to help her By washing floor and cups That's why we are a happy family!!!
