Mom»

«Mom» is a beautiful sounds!

“mother” is a native word

“mother” is saintly person for everyone

Though it was created not so long ago

I love my mom

She is for me everything

And love and care, and warm.

Mom cooks porridge in the morning

Then quietly says:

-Wake up my child. It is time to go to school

How many stars in the clear sky!

How many ears of corn in the fields!

How many songs have birds!

How many leaves on the branches!

Only the sun - one in the world

Only my mother - one in the world
