Devotion to my Mom

My only need is my mother  
And we give tender love to each other.  
My love to mom can not be measured,  
And her smile gives me great pleasure!

She's like a bright ray of sunshine  
And lights my way in hundred miles.  
She is the best friend for all my life  
And she has time to be a perfect house-wife.

Her voice is like a singing bird.  
She is the sweetest in the world!  
Her eyes are full of care to me  
Blue eyes - the color of the sea!

No matter how much time will pass.  
I love my mummy very much!!!
