Happy Mother's Day!

From a pure heart in simple words

Let's my dear friends talk about Moms.

My dear Mother, I love you infinitely!

And wish you happiness and health certainly!

Of course I wish you many warm days

That you may please us-your babies.

Congratulations on the Mother's Day!

I thank you again and again

For your kind heart and attention,

For you subtle flair and affection,

For your care, mental love and tenderness.

Mom like an angel of goodness.

And the only one I know-

That my Mom did not betray.

So thank you for bright eyes glow

I wish you a Happy Mother's Day!
