"Mother"

When I was born, and saw your face

I loved your pretty smile.

When I was kid, and cannot read

You told me fairy tales.

When I was ill, You stayed with me

And helped when I was need in it.

You taught me go and taught me speak

You taught me run and taught me read

You taught me love and taught me cook

You taught me be a really good

Every child in the world

Know that mother's love as gold

It's shine brightly!

It's do us strong!

It is that we are never wrong...

I love You Dear, more and more and more...

I want to be like You...

....Now I grew up, and want to say:

« My lovely Mum,

Happy Mother's Day! »
