Mother

Mother is always beside
Even you're far away.
She dreams good luck be your guide
Whatever you say, she'll pray.
She doesn't ask something instead
And let you follow your way.
So, please, try not to forget,
"I love you and need you", to say.
Try not to forget her eyes,
Her hair and gentle hands -
You're her hope and pride -
Be worthy these words to be said.
Remembering warmth and care
Are being given to you,
Be always ready to share
These feelings back. Love is true.
