St. George Ribbon

Some people simply forgot
How our grandfathers fought
But they were the knights
Lose it is not the end, and yet

Brother for brother
They fought the fire
Blood for blood,
Win was the it only desire

Ribbon is a symbol of courage
Patriotic and human endurance
All human rage
Aimed at selfconfidence

Black and yellow
As the smoke and flames
They fought with his comrades
Birds of a Feather, and lots of pain

Personal valor soldier
On the battlefield
As a four-leaf clover
Giving great hope and luck
We must remember
Every battle and every victory
And raise your temper
Not ashamed of former history
