Esenin is our proud.

Esenin is our proud.
Esenin is our love.
And there is no doubt.
He is a Russian bard!
His poems are about nature.
His poems are loved by all.
He inspired us to love everything
That is around us and seen by all.
He wrote his poems as he saw the world.
Sometimes it was hard to attract.
But nothing can be compared
With his love of surrounds in all.
His poems were kind and natural.
His dreams were about the future life.
He often compared himself with a tramp.
And at the same time he was an ordinary man.
