To Sergey Esenin

Fall colors, like poetry Marina

Gold lines and September Sergei
I celebrate their birthday in the fall ,
Beautiful autumn gallery names .

I , Autumn, you love infinitely ,
September and October and November dank ,
Verses with you , I always say
And admire the autumn stars:

Marina Star , star Sergei ,
And leaves the stars, flying down,
I feel life fall sharply,
Looking up at the departing birds.

I also want to go up into the sky ,and fly very fast
To dip into its bottomless ,
Then a star on the ground break ,
Ispiv autumn love in death .

I want to die in the autumn ,
Sheltered leaves September
The day indicated by eight digit -
Sky autumn calendar
